SWAFFHAM PRIOR VICARAGE. TEL: Newmarket 741409.

OUT OF REACH

COMMUNITY MAGAZINE

Issue No.72

EDITOTIAL

November, 1982.

I have included in this issue a few old remedies and superstitions which actually were used around the 1930's in a village not so far from here. I think they make amusing reading!

We have quite an encouraging number of people who are interested in forming a Reach Village Society. Its aims are to provide interests and activities for people in the village of all ages. Various suggestions have been put forward which you will hear about in due course, but do come along to future meetings and find out for yourself. As most of you will by now know, we are starting off with a Village Bonfire Night on Saturday November 6th at 6.30 pm at the Hythe. As we have at present no funds, a collection was made around the village for the fireworks, to which you responded most generously. We may not necessarily organise it the same way next year, but do come along and help to make it a success, and hopefully it will become a regular event.

For those who may not know, Bingo sessions are held every Tuesday evening at the village centre at 7.30. At present numbers are low and a few more new faces would be very welcome, don't sit at home bemoaning the fact that there is nothing on in Reach !

The annual whist drive and Christmas draw for Newmarket and Addenbrookes Christmas funds will be held at Reach village centre on December 13th. All prizes and donations for this event will be gratefully received. Could senior citizens in the village please send in their replies to the Christmas Dinner invitations as soon as possible to help those organising it.

We would like to convey our best wishes to Miss Coates who is at present ill in Newmarket hospital and wish her a speedy recovery. Welcome to the village to the Smith family, recently moved into the new house in Burwell Road. Welcome also to Tony and Freda Lloyd of Great Lane. I am not sure if they have actually moved in permanently yet, but will be doing so soon. We have been admiring them over the past five years that they have been building their house themselves, congratulations !

Kay Pote

P.S. I will be holding another coffee morning for the ladies who have been kindly making things for the craft stall at the school Christmas Fair on Monday 8th November at 10.30 am. All are very welcome

FROM THE VICAR

Last month I reproduced two delightful bits of verse by a priest of the last generation, S.J.Forrest, from a collection called Parish Fashions, on the ground that, as Forrest himself put in the Preface,

A little nonsense, now and then,  
Is relish by the wisest men;  
And jovial pleasantry may teach  
Where solemn wisdom would not reach.

May I therefore offer you a third sample, salted with the same wit, but with a slightly more serious purpose,

NEVER RIGHT

"The Parson's heads are in the clouds!  
There really is a dearth  
Of sermons that are practical  
And bring us down to earth.  
They prate about theology  
And dull dogmatic stuff,  
With mystical embellishments  
and otherworldly bluff.  
They rave about the love of God  
To us who toil and labour;  
Why can't they give some good advice  
On how to love your neighbour?"

A Vicar, hearing this complaint,  
Which touched him on the raw,  
Dilated on the second great  
Commandment of the Law.  
He spoke of christian fellowship,  
And social equity;  
Of justice and of brotherhood,  
And selfless charity.  
But still his people criticised  
(He found it very odd),  
"Why can't he take the Good Old Book,  
and Preach the love of God?"

```

All down Christian history the church at large and individuals in particular have wrestled with the vast problem of combining the love of God and the love of man, the two great commandments on which Jesus told us all the law and the prophets depended. Under contrasting conditions the emphasis has swung remarkably from one to the other. In times of affluence, for instance, when the state looked kindly on the church, there have been those who saw their only hope of escaping compromise to lie in their own escape from the world which made compromise inevitable. Hence we get the rise of the great movement towards the solitary life in the deserts of Egypt and Syria at the end of the third century, which gradually develops into the monastic life which is with us yet, and continues to enrich the church's life beyond measure.

Yet by the 13th century the very success of that system in saving civilization as well as religion for Europe had brought its own problems: wealth, power, and again the inevitable compromise, from which the great revolt came in the person of the man whose feast we kept on Oct. 4th, Francis of Assisi, whose following of Christ reached a degree of literalness which shook the Christian world, and we feel its shockwaves still. But Francis' reaction, like Mother Teresa's today, was a special kind, the serving of Christ in the persons of the poor, in total poverty, seeing the poor as literally Christ's disguises, his other self.

So we have to keep a balance between the love of God which can sometimes forget the neighbour and the love of neighbour which can sometimes forget God; the social gospel which can become so engrossed with the neighbour in his plight that the love of God originally inspiring it is in turn dimmed and weakened.

Jesus' own solution in the parable of the Sheep and the Goats in St Matthew XXV, is famous to the point of platitudinous. Our problem now, in a very complex society, in which we see the welfare state after more than a generation under new and severe strain, is to discern the needy neighbour, and assess his or her claim on us, over and above all that the welfare state can do.

J.K.B.

PRIORY YOUTH CLUB

The "Day in the Country" at Bottisham Village College on the 11th September was the occasion where we won a runners-up trophy for the 'Its a Knockout' competition. Local youth club teams were taking part and at the end of the games we were equal first and very unlucky to be just 3 seconds too late in the tie-breaker! A most enjoyable afternoon, where nearly everyone got a little wet (including the organisers!).

Great Wilbraham was the venue on the 20th September when we played the final of the rounders competition. We did very well against some capable batting and fielding, but Wilbraham won the game and we received our second runners-up trophy.

The 7th October saw a games and sports session at the Village College Sports Hall, which had been set aside for our use. We are most grateful to JOHN HANLON, a teacher at the college and co-ordinator of local youth club activities, for helping out on the night with the mini-bus. 2 days before that at the club, noses were twitching and mouths watering when JOAN HALL supervised not quite "too many cooks spoiling the broth" in making some bread and mints that took longer to make than consume!

At the time of writing we are looking forward to a "Junior Fun Day" at St Ives Youth Centre on Sunday 24th October. This is a complete day full of variety of 'different' games for under 14's, where our team will meet youngsters from the Peterborough and Huntingdon areas. If the level of excitement is anything like last year I shall be taking some earplugs.

Finally we should like to welcome the new members who have joined during the past few weeks, particularly those from Reach (and a reminder to them that we do arrange transport each week as necessary).

CHAIRMAN'S REPORT 1982

Parents and Friends of Swaffham Prior Community  
Primary School

The past year has seen yet another year when financial support from the Authority has been further reduced and so the dependance of our school, on the generosity of its parents and the hard work of our committee members, has increased even more. We have not been disappointed by either; when we have asked, committee and parents have been more than generous in their support but I am very aware that, while it is relatively easy to rise to the occasion during an emergency, it is very much more difficult to sustain the effort year after year, especially when the first novelty has gone and the work appears almost monotonous. For this reason I am extremely grateful for the hard work and support which the committee have given once again during this past year, and, as many of the existing members have been on the committee for several years now, I admire their staying powers greatly and am very grateful for their perseverance. I hope these members will feel able to continue with their valuable work for the school for some time to come yet, as we need their experience and knowhow; however new blood is needed too, so we are asking at this A.G.M. for volunteers to join the committee. Fresh ideas, fresh enthusiasm can only do good so please don't be shy and don't leave it to someone else. We need your help; please offer it in any way you can, either as a full time committee member or part-time helper.

During the year, it has become obvious that the financial cuts are going to continue and the whole attitude of Councillors in their responsibility towards Education is undergoing radical changes which need to be closely watched. For this reason, the Committee felt that this school should join the Inter-School P.T.A. so as to be kept informed of developments and to have a voice, if need be, on the wider platform. Mrs Johnson represents our committee at Inter School P.T.A. meetings.

This past year has also, sadly, seen the reduction of our staff ratio, and despite our efforts, we lost the services of Mrs Jones, our Reception Teacher, at the beginning of this school year. I was, however, impressed by the speed and efficiency with which the School Governors and the Parents and Friends Committee organised a census in the villages and informed the Authority of our feelings. The co-operation between the two groups and their combined efforts, was I'm sure appreciated by all parents and gives us all faith in our united strength. The Parents and Friends of the School Committee have also worked closely with the Governors on the running of the election for the appointment of two Parent/Governors. I think this sort of work and co-operation is of

have new ideas of what we should be doing, let us know and we'll do our best.

My thanks again to all those who have helped so much this year. Please keep up the good work !

A.V.Booton.

SOME OLD FENLAND REMEDIES AND  
SUPERSTITIONS

WHOOPIING COUGH - fried mouse was thought to be the best remedy!  
Before frying, pass the mouse through a fork of wych - hazel. Some people insisted that the mouse be alive before doing this. This cure was known to be used in comparatively modern times (the 1930's).

RHEUMATISM - a potato should be carried in the pocket to cure rheumatism, and to ward it off, a tarred rope was worn round the waist !

BRONCHITIS - a piece of home-cured bacon or a candle was tied round the neck.

QUINSY - take a black satin ribbon an inch wide and two yards long and sew the ends together to make a continuous band. Dip in oil of hartshorn and loop it twice round the neck next to the skin so that it hangs down the chest. Keep it on day and night.

RINGWORM - put a penny in vinegar and then place it on the ringworm.

NOSEBLEED - Tie some red silk round a finger. Or hang by your arms from a door post or tree! (I think I'd rather keep the nosebleed)

SPRAINED WRIST - the white of an egg to be bandaged on the wrist for two or three days.

SORE THROAT - a piece of red flannel over the throat. It must be red.

TOOTHACHE - scrape a horseradish and bind it to the wrist.

EARACHE - take the inner clove of an onion and place it in the ear.

WOUNDS - cow dung was applied to the affected part!

WARTS - Get a slug and rub the warts with it! (apparently one old man had 85 on one hand and this method worked for him!) After using the slug take a thorn and pass it through the slug and then stick it in a hedge. But you must keep silent about what you are doing and don't tell anyone until the cure has worked!

THIS MONTHS RECIPE

DATE CHUTNEY

A recipe similar to this one appeared in "Out of Reach" some six years ago. (When the magazine was first started). I have been using it every year ever since. Its delicious and requires no cooking! (so for those who missed it the first time)

MAKES APPROX. 6lb.

- 1 lb cooking apples
- 1 lb dates (stoneless)
- 1 lb onions
- 1 lb sultanas
- 1 lb soft brown sugar
- 1 level tablespoon salt
- ½ level teaspoon ground black pepper
- ½ pint brown malt vinegar
- 1 teaspoon ginger
- 1 sachet pickling spice.

Peel and core apples. Cut into quarters. Peel and quarter onions. Put apples, onions, dates and sultanas through mincer. (If you don't have a mincer, like me, chop very finely). Put into large bowl, stir in vinegar, ginger, salt, sugar and pickling spice. Tie spice in muslin. Leave 24 hours, stirring from time to time. Discard pickling spice and pot.

XX

All Welcome Admission FREE  
EAST CAMBS CONSERVATIVE AUTUMN FAIR

```

1. The first part of the document discusses the importance of maintaining accurate records of all transactions.

2. It also highlights the need for regular audits to ensure the integrity of the financial data.

3. The document further outlines the various methods used to collect and analyze financial information.

4. The second part of the document focuses on the role of technology in modern accounting practices.

5. It explores how automation and data analytics have transformed the way businesses manage their finances.

6. The document concludes by emphasizing the importance of staying up-to-date with the latest trends in the industry.
