

# Within Reach

August/September 2025

*Before . . . .*

*And After . . . .*

*The work, carried out by Impington Roofers, included a new roof for the original schoolhouse, removal of the old vents on the ridge line, renovation of the two chimneys and the addition of insulation. The project was financed by the Thalia WB Community Fund (via the Cambridge Community Foundation), the Reach Village Grant fund and through the generous bequest from the estate of Denis Millard*
