

Within Reach

August/September 2026

Just giving a bit of picture space to two of the least popular garden birds

Then and Now pictures – see facing page

*It was in the summer of 2022 that CAMRA first came calling, soon after Dan and Ruth took over. Even at that early stage, CAMRA was convinced they would make a success of it and they did, becoming the **CAMRA Cambridge and District Pub of the Year 2026**.*

Within a few months of taking over, they had introduced ales from local breweries, including Moonshine and Milton and the sadly missed Crafty Ales. Woodforde's Wherry remains a firm favourite to this day. The food is superb, both in quality and presentation and the Sunday roasts have become legendary.

The CAMRA Good Beer Guide describes the Dyke's End as a "quintessential village pub" and really it is that and more. It combines a traditional village pub atmosphere with a strong community spirit, pub games, excellent beer and is an enthusiastic supporter of local events.

Visitors come from far and wide, arriving by many means of transport (see pictures below). I walk, its less than 100 yards on the way there, normally a bit further on the way back . . . [Editor]
