

Within Reach

December 2018/January 2019

The war memorial prior to cleaning - it was last done in 2010. Going forward there are plans to "spruce it up" more regularly – and keep it tidy all year round.

We started off with scrubbing brushes but soon accepted Tony Kohlman's offer of a jet washer which got the job done in no time. Grateful thanks also go to Ian Reinhardt and Charlotte Cane.

Charles's presentation was memorable – as was the exhibition lovingly put together by Jo and Paul Redfarn, plus the poppies dotted around the village

Our evening beacon event went really well – nostalgic music provided by Hilary and a truly superb rendition of the Last Post by 15 year old Isaac

Now and Then photos (see facing page)

Apple Pressing Day was delightful – grateful thanks go to all involved – and especially David Thomas and Andrew Trump

Everyone enjoyed the produce from Apple Pressing Day!

Another lovely Reach day
